Here's some background information for you:

Business and community leaders formed a committee to explore **career, technical and workforce opportunities** in Brazos County. The Committee analyzed data from the current educational providers including Blinn and TEEX at TAMU and consulted with Workforce Solutions of Brazos County to verify and understand this data.

The committee had several meetings with Blinn College and requested a proposal for future plans for workforce and technical efforts, considering Blinn's current efforts in Brazos County. We discovered our options are limited, but to exercise these options we must follow certain procedures according to state law. This petition is part of those procedures.

We encourage you to seek additional information on our website. Thank you for your concern and investment in the future of Brazos County!
